Introduction

What is EuroGym?

EUROGYM is one of the biggest gymnastics events specifically for young people. A non-competitive festival event, EUROGYM takes place every two years, the objective being to unite young European gymnasts, providing the opportunity for gymnasts to perform their team display routines on an international stage.

Performances, workshops and parties, EUROGYM is a huge social non-competitive event for young people where everyone is welcome.

EUROGYM is specifically targeted and tailored for gymnast's age 12-18 years old. The minimum number for a team is 6 gymnasts and each team must nominate one coach as Team Leader. For teams with more than 24 gymnasts there should be 1 leader per 12 gymnasts.

Teams can register gymnasts aged 10 or 11 but these gymnasts cannot make up more than 10% of the team. 10% can also be older than 18 but no older than 20 years old. At the final registration, a copy of the participant's passport must be send to British Gymnastics.

Further information can also be found via British Gymnastics website and EuroGym website.

Welcome to Liège!

Liège is a thousand-year-old city that conceals countless of treasures to discover!

It contains lively areas and many restaurants, this makes it a must-visit stopping place of Belgium, not to mention an intense cultural and artistic life and a significant architectural patrimony.

For the shopping addicts, all kind of shops are grouped together in the city centre and the Surrounding pedestrian streets: renowned fashion designers, department stores, designers and delicatessens...

There you will find everything you are looking for, and no doubt everything you are not looking for. The Marché de la Batte is the biggest and the oldest market of Belgium, a veritable institution.

The coloured market stands sell things such as fruit and vegetables, cheeses, fabrics, flowers, books ... under the calls of the stallholders who praise the price and the freshness of their products in Walloon.

Liège and Sport, it's a long story! A decade ago, Liège has received three Euro 2000 matches. 12, 18 and 21 June are still very present in the football fans memories. The Town also was twice the starting point of the Tour de France: in 2004 and in 2012, and each year, she is receiving a staging point.

Liège counts so many good eating places, the most difficult choice is where to go! From the small, cheap tasty dishes to the de lux dinners, from the local specialties to the most exotic of dishes, you will always find food suitable to your wishes.

Architecturally the Town of Liège isn't outdone. It owns one of the most beautiful archaeological collection of the world as well as collections of weapons, religious art, decorative arts and art of glass making. The art galleries from Liège conceal discoveries such as, for example, the Aquarium-Museum of the University of Liège, centre of excellence of the animal biodiversity, or the Grand Curtius proposing exhibitions throughout the year to highlight one or another aspect of the museum collections from Liège.

Let's dream together!

Behind our slogan is the desire to gather and federate around the EUROGYM for all the people present by creating meetings, exchanges and sharing among participants from all walks of life. To further strengthen this sense of solidarity and give meaning to our slogan, we also want to set up a collaboration with reception centres in the region. Our goal will be to involving a group of stateless young people in EUROGYM to **“dream together”** and make the 11th edition of this event a memorable one for all!
