Awards Criteria and Process

Issued January 2015
Amended November 2016

LONDON GYMNASTICS

Awards Criteria

INTRODUCTION

A new set of recognition awards were created in 2015, marking a fundamental change to the way we recognise the achievements of our members.

At the heart of this new awards scheme is a shift of emphasis to reward achievement in a timely fashion.

We have streamlined the number of awards, and concentrated on awards that focus on the achievements within the region and less so inside clubs, which we now feel can be catered better by the clubs themselves. So Merit Awards are removed, but are replaced by an exciting new Volunteer Rewards Scheme.

Across Gymnasts, Coaches and Judges, we have standardised the level of awards with a Bronze, Silver, Gold and Platinum attainment level. We are introducing a training grant which may be paid to gymnasts and coaches when they obtain Gold or Platinum level

PROCESS

Throughout the year our TC Chair's will reward members at specific TC events

To avoid any doubt, we will also be introducing a 'self-nomination' form which can be accessed and completed via the London Gymnastics website. Any nominations made will be sent directly to TC Chairs to alert them to an award.

We will keep a central database of awards made throughout the year and we will invite some awards recipients to the annual awards event.

Further queries can be sent to awards-sec@london-gymnastics.co.uk
