Section 3. General Information

In the event of injury, removal and/or the need for replacement, any eligible athlete may be called upon to join the Programme at any time.

Once Programme selections have been confirmed all selected athletes must agree not to withhold any information on training fitness, injury status or illness that could affect training or competition at any time.

An athlete may be removed from the Programme in the event of a non-compliance in training, lack of performance progression, a breach of responsibility to the Programme or a violation of the Codes of Behaviour adopted by the Programme. Prior to removal the athlete will be presented with the opportunity to attend a removal interview with the English Gymnastics TRA Technical Chair (or their appointed representative) and where possible one other independent person. Written justification must be provided for all removals by the English Gymnastics TRA Technical Chair. Decisions on these matters are not open to appeal.

At any stage following the Programme selection announcement, should there be a doubt over the ability of an athlete to train or compete to the best of his/her ability due to an injury or illness, the following procedure will be adhered to:

- The athlete will be asked to undergo a medical examination to determine their fitness to participate. Initially this will be based on an assessment of whether the injury and/or illness is such that the athlete is physically unable to train or is at risk of causing medical harm to themselves or endangering other Programme members.

Any replacement(s) required will be made by English Gymnastics TRA Technical Chair and England National Coaches based on the needs of the Programme. Decisions on these matters are not open to appeal.
