Chairman's remarks

• Where we are and how did we get here?
• Where we are going?
• Issues and problems.
History

• Between 1999 and December 31st 2002 the BTF and BG merged with BG taking responsibility for Trampolining fully from 2002.

• Since 2002 there has been a gradual, and sometimes difficult, transition from what was largely an autonomous and self directed regional body, to where we are today which is as a Technical Committee of London Gymnastics.

• Last few years have seen a stronger and closer relationship between us and the London Gymnastics body.
London Gymnastics structure

Strategically managed by an Executive Council.

Executive Council consists of two Committees, the Management committee and a Joint Technical committee.

- Management committee appoints members who
  - oversee finances
  - set and monitor the progress of the regional strategy

Trampoline Technical Committee
Joint Technical Committee

Joint Technical committee is made up of the Chairs of each of the disciplines. They:

• Deal with technical aspects of each discipline
• “collaborate and come up with consistent cross discipline strategies”.
Technical Committees

Discipline specific
The Technical Committees are run by a Chair, Secretary and Treasurer.
Other committee posts are “optional”

*Competition Organiser.*

• The Technical Committee is responsible for designing and delivering the competition programme

Where are we now?

Less autonomy.
TC's are governed by London Gymnastics Committee Procedures and Regulations.

- AGM
- Constitution ("TC's may have their own constitution which must not be in conflict with that of London Gymnastics.")
- We are “in control” over less than we used to be in control of
- We are far more accountable—more likely we will be held to account
Where are we going?

• We are part of a bigger organisation (LG) and are stronger because of this.
• We have to be more professional in everything we do.
• We are being listened to!!!
