Competition Handbook

2022

We will adopt the BG COVID-19 Related Preface (See Below)

COVID-19 and the associated restrictions have had a huge impact upon all our lives and our community. The implications have been clear in relation to the British Gymnastics 2020 and 2021 National Event calendars, where the majority of planned activity in both years have been cancelled.

However, with the vaccine roll out continuing at pace, it is with greater hope that we look forward to resuming a normal programme of Events in 2022.

We continue to work very closely throughout the pandemic with the Technical Committees and Performance teams to review how best to deliver their respective event programmes.

Whilst our planning is progressing on the basis that social distancing has come to an end, we will be taking all reasonable steps to create a COVID-19 secure environment at Events in alignment with current government guidance. We will continue to review this and react accordingly should the government make any changes to their guidance.

This may require returning to limiting the capacity of both entries and spectators within event venues to ensure social distancing can be maintained, increased cleaning and hand hygiene provision and the implementation of personal protective equipment (where necessary).

It's important that everyone planning to attend an Event understands that although measures will be put in place to decrease the likelihood of transmission or contraction of COVID-19, the risk cannot be eliminated.

As such there is an increased risk associated with attendance at an Event and everyone must consider their own circumstances which includes but is not limited to personal underlying health conditions (of themselves or someone within their household), when making an assessment about attending events.

It is also important that each individual understands the responsibilities they have to keep not only themselves safe but to work together to make sure we can create a safe environment for all – we really do need everyone's help!

As a result of the restrictions being different for each part of the UK in late 2020 and continued interruptions to training throughout 2021 the impact restrictions have had on every club have varied widely, it is acknowledged that it will be more difficult than normal to create a completely level playing field for all.

As always, we ask coaches to make the appropriate assessment of a gymnast's ability level and their readiness both physically and mentally to take part in future events, based on their own particular circumstances.

It is fully acknowledged that some flexibility and changes to the normal way Events are staged may be necessary for the foreseeable future.

We are therefore extremely grateful for everyone's patience, understanding and co-operation in trying to regain some much-needed normality in these incredibly challenging times.

If a policy or rule is not listed in our London WAG handbook all BG policies apply.

******NEW******

If a competition goes through to national finals a judge of Regional level as a minimum must be submitted.

BG does not require judges to complete a criminal record check to judge at BG competitions, as the role that judges fulfill at the event no longer falls within DBS or Access NI Eligibility*. However, some judges are actively involved in club gymnastics and may provide judging instruction to children in a training environment or carry out a supervisory role (or may complete a criminal record check by virtue of another role they undertake e.g. coach). As not all judges use their qualification in the same way, it is the club's responsibility to assess the role the judge is

undertaking and determine whether the activities involved fall within the eligibility criteria for a criminal record check. BG no longer requires all judges to complete safeguarding training but clubs should ensure any judge who supervise or instructs children has completed appropriate training.

Supervising Coaches entered into the event entry MUST be the same ones attending the event. It is unacceptable to enter a coach you know will not be attending.

Supervising Coaches have a duty of care towards their performers and have a responsibility to ensure that they are both qualified and competent to teach at the appropriate level, as well as ensuring that the participant is adequately prepared, physically and psychologically, for performing their routines in a competition situation.

Additional Assisting Coaches (Level 1 and above) may be accredited, at the discretion of the Organiser (Written permission required), to be present in the competition arena to assist with the pastoral care of the gymnasts. Assisting coaches may not coach the gymnasts unless they fulfil the requirement of holding a recognised qualification suitable to the level of skills being performed.

If it is found that a club is in breach of these policies the WTC reserves the right to reject an entry on the grounds of gymnast safety or, if discovered post performance, to disqualify the competitor and remove their score(s) from the official results.
