This year saw the introduction of a new competition structure. Some clubs in the Region favoured the old system, so it was decided to run both Grades and Levels at all competitions. This system worked well, with numbers being similar to previous years. Competitors from the new ‘Levels’ had the opportunity to qualify to represent Southern Region at the Finals in June, and the team came a very creditable third.

Our thanks as always go to the host clubs – Farnborough Flyers TC on 2/2/14, Starlight TC on 2/3/14, and Wight Flyers TC on 30/3/14.

In addition to these events, Alton TC hosted the successful Novice and Synchro competition on 1/6/14, and Swallows TC will host the Regional Team competition at Haslemere on 19/10/14, and our thanks also go to both clubs for their efforts.

It was hoped that we would have the dates and venues for next year’s competitions by the date of the AGM, but at the time of writing these have still to be confirmed by the National Technical Committee. Clubs will be notified as soon as I have the information.

Finally, thanks must go to Janet Payne for her huge efforts over the whole year and at every competition.

Dugald Davidson

Regional Competition Secretary.
