

Male artistic report

The male report have finished a good year with some great results at the national grades final in Birmingham

We managed to secure level 1 club grade 3rd position with 3 of the boys finishing in top ten and earning a place at the reward squad in December

We also had success with level 1 elite team runners up silver medallists and level 2 elite bronze medallists. Two of these boys from Portsmouth and Basingstoke have been selected to trial for national foundation squad

We also had a level 3 elite gymnast from Portsmouth invited to trial too.

We have planned a 4th regional meeting early January in addition to the 3 we have already had

This year for the first time we entered a team in the Future cup -Austria

The team comprising of boys from Basingstoke, Bulmershe and Portsmouth finished 11th out of 31 teams from national federations. This was a very good experience for the boys and hoping to repeat this trip with some boys next year

We also have just held our second year apparatus challenge which is aimed for boys not making the grades finals. It was a record year with more entries and boys also taking part from neighbouring regions
