

Acrobatic Technical Committee

DATE: 18th May 2018

1. NPRG and Acrobatic Symposium Dates

The Acrobatic NPRG will take place on the morning of the 8th September 2018

The Acrobatic Symposium will follow on from the NPRG from lunch time on the 8th September and all day on the 9th September at LNSC – please save the date.

2. NDP9

A couple of questions have been raised to the TC for consideration into the NDP9 for 2019:

- Minimum score for medals should not be applied at National Finals or Disability competitions however it should be applied to all disciplines at other events and not just those with less than 4 partnerships competing?
- Consider reversing the values in IDP Dynamic WG and WP.
- Include example tariff sheets for G5 and IDP in the NDP9.

Any other questions or clarifications regarding the NDP9, please send them to Caroline Hodgson (Acrobatic TC Communication Officer).

3. Judging

a. Regional and National Judge Course

The regional and National Judging courses are currently being finalised and will be available shortly.

b. Judges at National Events

Due to the shortage of Judges at National Events the TC is looking to change the guidance for Brevet Judges. "To be considered for international events, Brevet Judges must do two national events a year, one being the National Finals."

4. Tariff Sheets

There are still a number of problems at competitions regarding Tariff Sheets. The protocol for Tariff sheets at all National Events is:

- The Tariff Sheet template from the BG website should be used.
- Coaches must send tariff sheets as individual files, not as one worksheet with multiple tabs.
- A copy of the tariff sheet must be sent to Andy Farley at the same time as the Difficulty Judge.
- Late tariff sheets to DJ will incur a financial penalty per tariff sheet and any not received at podium training will also receive a 0.3 penalty per tariff sheet and will be unchecked.

Acrobatic Technical Committee

- Tariff sheets should be labelled as follows:
“Routine number – Gymnast name – Category – Routine”
e.g. “110 – Smith & Smith – 11-16 WP – Balance”
