

Dear Region,

Following an enquiry regarding injured athletes being able to progress to the Regional Team Final, the TC would like to advise the following:

If a gymnast has demonstrated the ability to achieve qualifying scores at one of the Regional events October 2017 to Feb 2018 but is subsequently injured and therefore unable to compete at the Regional NDP Compulsory Final in March, then the club may apply to their Regional TC for a 'wild card' place at the Regional Team Final.

'Wild card' places will only be issued when:

1. Medical evidence of any injury which prevented a gymnast's participation at the NDP Regional Compulsory Final is provided to the Regional TC;

And

2. The maximum quota of gymnasts eligible to represent the region at the Regional Team Final (for that level, gender & age group) has not been reached following the NDP Regional Compulsory Final.

'Wild card' places do not need to be approved by the NTTC, and gymnasts benefitting from these places should be included in the normal entry process.
