

Trampoline Technical Committee

Dear Clubs,

At the recent NPRG meeting, a question was raised re the necessity of judging the Range and Conditioning routine at the Regional NDP Compulsory Finals which will take place in the regions in March. As the numbers in the regions are growing and timetabling / space can sometimes be an issue, the TC were asked if the R&C scores could be taken from the other regional NDP events. The TC are happy to support this with the emphasis being put on the quality of the judging rather than trying to get everyone through on one day. Regions will need to keep and transfer the R&C results of all the gymnasts to the score sheets from the Regional NDP Compulsory Final and submit to Emma Burton at British Gymnastics, as stated in the Competition Handbook.

Sharon Wood, Chair, NTTC
