Trampoline (Individual)
FIG Level 2021

Trampoline National Technical Committee – Final Version 25th September 2020
The British Gymnastics (BG) National Trampoline Technical Committee (NTTC) is responsible and accountable to BG for the development and direction of all Trampoline, Double Mini-Trampoline and Tumbling for all BG members. Any ‘Open’ competitions organised under BG membership/insurance must be authorised by the NTTC. Any regional activity providing opportunity for members of the region must be authorised by the relevant Regional Executive Committee and in consultation with the NTTC.

The competition seasons are from 1st October to 30th September.

Gymnasts and Coaches may select their competition pathway and entry level. After the appropriate level has been selected and competed at, a gymnast cannot change levels during the same competition season. If a gymnast competes at the NDP Regional Qualifier in March, they will not then be eligible to compete at FIG in the Spring Event Series as they will have selected their pathway.

**New for 2021:**

Removal of the Approval Panel Process. Due to the extra workload from our volunteer judges and the TRA programme officer, we will not be proceeding with the Approval Panel. Entry to the FIG pathway will be open to any gymnast who can meet the requirements for this level of competition and we would encourage all Coaches to use their professional judgement on whether or not the gymnast(s) are capable of achieving both the difficulty requirements and a minimum E score for both routines before submitting the entry.

In addition, all FIG TRA gymnasts should also be able to demonstrate the FIG R&C set routine. At the SES events in 2021, random gymnasts will be selected to perform this set routine AFTER they have have competed. A national or pathway coach will mark the R&C of those gymnasts selected and they will be expected to achieve a minimum pass score of 70%.

To assist coaches in determining whether or not the gymnast should compete at FIG level, please see the chart below:

ADD IN Flow chart ....

At all British Gymnastics events, a nominated panel (Member of TC, Chair of Panel & 1 x national or pathway coach), reserves the right, but not the responsibility, to end a performance (during training, warm-up or competition) that is deemed to be unsafe at any time. If a gymnast is deemed unsafe or not competing at the correct level for their ability, the panel will follow up with the personal coach.

All other minor changes are outlined below.

The British Club Teams Competition is for all disciplines: TRA, DMT, TUM & DIS and there is a link to the technical document in the competition handbook.

The TC would like to thank those involved in the consultation and look forward to this next step in our drive to improve performance, opportunity and delivery of events.
