

British Gymnastics Competition Structure 2022

Trampoline Gymnastics

Competition structure 2022

Gymnasts may only compete in one Pathway in any one competitive season/year but may transfer across in either direction if their performance level requires in subsequent years.

The Domestic Competition Structure is not linear and there are no qualifying scores to pass from one level to another however, coaches should make realistic choices to provide the best opportunity for their gymnast and refer to the minimum standard guidelines provided.

Competition structure 2022
