

TeamGym Roles - Performance Pathway Panel 2019-2020

British Gymnastics wish to engage Contractors for the following roles within the discipline of TeamGym. The Performance Pathway Panel under the leadership of the Team Gym Co-ordinator will oversee the provisions for the talent pool from the beginning of 2019 to the end of 2020.

The second half of this cycle sees the introduction of a GB Squad for Men's and Women's. This provision, along with the Zonal Clinics will develop the talent base in readiness for the 2020 GB Selection Event in March 2020. At that point, the GB Squads will cease in favour of GB Team training, however, the Performance Pathway Panel and Zonal Clinics will continue to the end of the cycle.

In January 2020, BG will establish the Choreography support for the 2020 European TeamGym Championships. The remaining GB Team coaches will be engaged after the Selection Event for the 2020 European TeamGym Championships.
