

GB Mens National Squads 2021

Dear Coaches,

In light of the current situation with the Covid 19 pandemic, our national coaching team have made the decision to hold current National Squads in their current form until the **British Championships 2021**. Following this event, National Squads for 2021 will be selected, based on results from competitions and Squad training sessions from the previous 6 months. All existing Squad members and reserves will be considered, and places will be published by April 1st.

Anyone not in a current National Squad that wishes to be considered should contact the relevant National Coach by March 16th, detailing relevant results and training information. Coaches of gymnasts that are too young to enter a National competition in the first part of 2021 and wish them to be considered for Foundation or Development Squad should contact Matthew Firth by February 1st 2021 to register an interest. Please include relevant training information and videos for consideration. A club visit or training day may be arranged in February or March to further assess suitability, if required.

I am aware that some gymnasts will be 'out of age' within their squads for the first part of next year, but do feel that this is the fairest and most sensible way of making our selections for 2021, given the situation. Squads for 2022 will be selected at the end of next year, in the usual way, and all Planners are available on the BG website.

Best Regards,

Paul Hall
Head National Coach MAG
